MICHAEL DATSKOVSKIY
PRIMARY EXAMINER

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 26-40 are allowable over the prior art of record for at least the reason that the prior art fails to teach or suggest an electronic device comprising a housing having a plurality of holes on a first side wall and a transparent dust-proof member installed approximately parallel to the first wall of the housing (claims 26-33), or in separate pieces inside each hole (claims 34-39), or a computer having a transparent wall made of a metal net and a transparent dust-proof member installed parallel to said metal net (claim 40).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Idate et al (Japan Patent JP410041679A) teach an electronic device, Figs. 1-7, comprising a housing 5 having a plurality of holes on a first side metal mesh wall 3 and a transparent member 2 installed approximately parallel to the first wall of the housing. However, Idate et al do not teach said transparent member being dust-proof, because it comprises a plurality of holes 1.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael V. Datskovskiy whose telephone number is (571) 272-2040. The examiner can normally be reached on 8-4:30.
